

CBIZ Benefits & Insurance Services, Inc.

USA

At CBIZ Employee Benefits, we're passionate about providing strategic solutions that will drive employee engagement and build a dynamic and thriving workplace culture. This isn't cookie-cutter consulting. Our team of forward-thinking professionals will collaborate with you to develop an actionable plan designed to help you navigate the complexities of your benefits strategy, addressing your unique pain points and goals. You can count on us - with over 4,500 clients and 500 associates nationwide - as your trusted advisors committed to your success.

Organizations are dealing with increasing health care costs, ever-changing compliance mandates, evolving HR administration needs and employees who are asking for more out of their employers than ever. CBIZ Employee Benefits delivers solutions to help you maximize your investment and achieve benefit plan prosperity.

SERVICES OFFERED

Benefits Cost Containment Strategy: We utilize progressive employee benefits cost containment strategies to help your organization receive the best value.

Regulatory Compliance Support: Minimize the impact of state and federal laws on your employee benefits plan.

Employee Communication: Ensure your employees understand and utilize their employee benefits.

Benefits Administration: Make your HR team's job easier by working as an extension of your department.

Engagement & Wellbeing Consulting: We will help you create a thriving workplace culture through improved employee engagement and wellbeing.

Pharmacy Consulting: Our team of robust clinical and financial consulting experts help clients navigate the ever-changing pharmacy benefit landscape to manage prescription drug costs and control health plan expense.

Actuarial Services: We provide solutions that are more cost effective and improve coverage for your employees.

Voluntary Benefits: We will partner with you to design a benefits strategy that may offer a variety of voluntary benefits through trusted carriers to attract new talent and retain your current employees.

Clinical Consulting Services: Our team helps you analyze and identify the options available to your organization, as well as provide ongoing evaluation and monitoring of performance.
