## Greece and Cyprus

One of the top three independent corporate insurance brokers in Greece & Cyprus, Comergon has been servicing clients in the insurance industry since 1971. With a hands-on attitude to all our clients, Comergon provides a full range of insurance, consultancy & value-added services to exclusively the corporate sector.

Comergon has been the pioneer in many innovative insurance products and services to the Greek & Cypriot insurance markets and strives to keep this success into the future. In addition, since 1997 Comergon has been servicing multinational corporate accounts in close cooperation with a large number of partner-brokers from around the globe.

With an equally strong presence in both P&C and EB areas, we tailor our services to cater for all the insurance needs of our customers.

Specifically in the field of Employee Benefits, Comergon is acknowledged by the market as the top consultant in the country. We offer our clients a full suite of services both as brokers and consultants but also as their own external 'claims management & administration' outsourcing partner. The latter is especially important and necessary for medical claims in the countries we operate.

Whether protecting against contingencies, structuring company or corporate pension schemes, or advising on insurance-based financial services, Comergon is a competent partner to help realise and optimise the possibilities in national and international markets.

Beyond Greece, Comergon also operates in Cyprus with fully staffed owned subsidiary.

Comergon is authorized and regulated by the Bank of Greece, Department of Insurance Industry Supervision.
