

EB Incorporation

Korea

EB Incorporation, the fastest growing insurance intermediary in Korea, was founded in 2006 by Heon Joo who has wide experience of both life and non-life insurances. The company is registered with the FSS (Financial Supervisory Services) in Korea and licensed for life, non-life, and third party insurance.

EB Incorporation has now become a respected insurance intermediary in Korea especially in life, accident and health insurance/reinsurance. It works closely with major Korean insurance companies as well as well-known international insurance groups.

In addition, through an understanding of clients' needs and a detailed analysis of the market and future prospects, EB Incorporation is in a position to provide customized corporate pension consulting services to clients and maintain a long-term relationship with them. Through research and analysis of financial institutions, EB Incorporation is able to recommend the most suitable corporate pension plans to clients.

The firm also provides employee benefit consulting services to both foreign and local companies. EB Incorporation is able to design the employee benefit program, provide appropriate marketing services, recommend the most suitable insurance program to clients and help to implement the customized program.

Finally EB Incorporation offers not only employee benefits/ corporate pension consulting but also full range of intermediary and consulting services in the area of property & casualty insurance/ reinsurance.
