

# Brandman ACS

- **Confidentiality**

Confidentiality of all material is guaranteed.

- **Quality**

Brandman ACS will provide a prompt and quality service to all clients, large or small, with correct regard for urgency and nature of client's interest and requirements.

- **Ethical Approach**

Brandman ACS has built a reputation for uncompromising integrity and endeavors to maintain behavior which is beyond reproach. In particular, a distinction between factual information and professional advice is maintained when possible. Brandman ACS adheres to the ethical guidelines and codes of conduct of both the Israel Association of Actuaries and the UK Institute and Faculty of Actuaries.

- **Independent Advice**

Brandman ACS is wholly owned and managed by Maurice Brandman. No connection exists with financial or other institutions other than that of advisor-client relationship. Brandman ACS adheres to an hourly fee basis for consulting work and does not accept commissions. Actuarial valuations for financial reporting are charged by fixed fee agreed in advance.

- **Accessibility**

Working outside office hours as required is normal practice.

- **Advancing Professional Standards**

Brandman ACS is committed to advancing professional actuarial standards. Maurice is a Fellow of the Israel Association of Actuaries; a Member of the International Association of Actuaries; a Member of the International Association of Consulting Actuaries, and an Associate of the UK Institute and Faculty of Actuaries. Maurice has been active in the training of new actuaries in Israel.

- **Target Oriented Service**

Projects and ongoing services are clearly defined together with implementation requirements, time scales and costs. Projects are then implemented with full client involvement and with regular progress reporting.

- **Informed Decision Making**

The provision of background and specific information relating to Israel and company data enables an “informed decision making” process. This is the starting point for reaching good decisions based on sound advice.

- **PII**

Brandman ACS maintains professional indemnity insurance

- **Security**

Advanced backup and security systems ensure data integrity and confidentiality.
