What is an "SME BenefitPools"?

Put together several SME employee benefit programs and negotiate with insurers under one contract, so as to enjoy the highest possible benefits and the best possible prices.

Under this program, an SME is able to

- reduce the cost of and large fluctuations in health insurance premiums,
- increase choice of plans,
- get better rates and benefits,
- simplify the search for providers,
- potentially provide a benefit that employees may take with them to a new employer, and
- provide better assistance with claim disputes.

Why Insupro ?

Better Benefit

A standard employment benefit plan in China is tied-up to China's social security system and is restricted to provincial hospital network and a portion of medicine available. Insupro China VIP and Insupro China Plus offer an opportunity to upgrade local health plans for your staff. The same package is also available for children and spouse.

Better Technology, Better Communication

Our company is very IT minded and we invest on technology to improve our service capability and communication with HR and staff. We provide multi-media benefit and claim communication, on-line claim tracking, SMS and email
